

Defensive Vehicle Dynamics

Exclusive and unique, this 8-hour workshop is our most advanced shooting course that focuses on close and intermediate range engagements, inside and outside of vehicles, with primary and secondary firearms. Realistic drills incorporate various approaches when defending against car-jacking, robberies, or other hyper-violent encounters.

Requirements:

- Eye and Ear Protection
- Semi-auto rifle and handgun
- 200rds ammunition for each
- Sling and holster
- 3 magazines and a mag pouch for each
- Outdoor Wear
- Completion of Tactical Carbine
